Some of this information is then stored in the National Pupil Database (NPD), which is managed by the Department for Education and provides evidence on how schools are performing. This, in turn, supports research.

The database is held electronically so it can easily be turned into statistics. The information it holds is collected securely from schools, local authorities, exam boards and others.

The Department for Education may share information from the database with other organisations which promote children's education or wellbeing in England. These organisations must agree to strict terms and conditions about how they will use student data.

You can find more information about this on the Department for Education's webpage on how it collects and shares research data.

You can also contact the Department for Education if you have any questions about the database.

This information enables it to provide youth support services, post-16 education and training services, and careers advisers.

Parents/Carers, or students once aged 16 or over, can contact our data protection officer to request us to only pass the individual's name, address and date of birth to Staffordshire County Council.
